5. To maintain confidentiality of personal information of the mentee
6. Attend to distress & issue faced by The mentees in class with regard to the academic, social, emotional problems of the mentees
7. To under taking academic counselling & career counselling tasks

The Context:- The nature of students background i.e. catering to different socio-cultural and economic diversity necessitates mentoring being opted as one of the best practices by the institution. The absence of institutionalized system of having proper system of mentoring, guidance and counseling in the region along with the obvious fact that most of the students are from remote areas and first generation learners makes it imperative on the part of the institution to provide mentoring i.e. guidance for all-round development of the students on academic, professional as well as aesthetic lines. Moreover, it is aimed to align with the institutional mission and vision statement aiming to develop students on progressive lives i.e. to imbibe in the students a retinal positive outlook towards life thereby making them responsible Teachers and citizens.

The practice :-

1. Each Teacher is assigned around 11-12 Students for the complete duration of their study.
2. They meet at least once a month to discuss, clarify and share various problems which may be personal or academic, etc.
3. The mentors encourage the students to participate in co-curricular and extracurricular activities and sports.
4. Their academic performance and other activities are all recorded.
5. The mentors also keep in touch with the parents on their attendance, test performance, examinations etc. on monthly basis

6. The mentors also counsel the students in need of emotional problems.
7. When the students have any problem in any department either with the staff or with work completion the mentors speak with the respective staff and sorts out the problem.
8. Mentors take special care of weak students, who are given advice on how to study, prepare a time table for study and clarify the doubts and also given notes to study.
9. Principal of the College takes the progress of counselling of students by mentors.
10. Student problems are discussed with the departmental heads, other faculties and necessary action taken to solve it.

Evidence of Success :

1. Improvement in mentees discipline, interaction and communication skills.
2. Improvement in student's attendance.
3. Establishment of a vibrant relationship between faculties and students which has provided a congenial atmosphere in the class room as well as in the campus.
4. Improvement in result
5. Improvement in confidence, Teaching skill, content knowledge & various techniques

Problem Encountered And Resources Required :-

1. Mentoring is a two way process where if one side is showing less interest, it would collapse the healthy relationship
2. Sometimes students preferring a particular teacher as the mentor cannot be accommodated given the large student strength
3. The college understands and acknowledges the need or effective mentoring as it results in better outcomes for students. While there was an overall improvement in various facets of student life, problems were encountered too. Reaching out to each student individually due to the students number tracking outcome, lack of motivation among students were some of the problems encountered.
