Best Practices

Title of the best practice.

1. Mentoring system for students

Mentoring provides genuine support and guidance to Students. Students mentoring system is recognized as a strategy to facilitate the teacher trainee in effective learning with required support. Mentorship is a partnership in which mentor works towards the professional and personal development of the mentee

Objectives:- Mentoring is one of the key aspects of Student support in Higher Education it is an essential feature to render equitable service to all the Students having heterogeneous background. Faculty members are expected to advise graduate & post graduate Students mentorship has the following objectives.

1. To provide mentees with opportunities for self – reflection, goal setting. And skill development while promoting a sense of belonging within the Educational community.
2. To establish rapport & maintain regular communication with mentees
3. To monitor & discuss academic progress & attendance.
4. Through guidance & counselling practical experience & is feedback mentor help mentees develop effective teaching strategies, classroom management skill & lesson planning.
5. To maintain confidentiality of personal information of the mentee
6. Attend to distress & issue faced by The mentees in class with regard to the academic, social, emotional problems of the mentees
7. To under taking academic counselling & career counselling tasks

The Context:- The nature of students background i.e. catering to different socio-cultural and economic diversity necessitates mentoring being opted as one of the best practices by the institution. The absence of institutionalized system of having proper system of mentoring, guidance and counseling in the region along with the obvious fact that most of the students are from remote areas and first generation learners makes it imperative on the part of the institution to provide mentoring i.e. guidance for all-round development of the students on academic, professional as well as aesthetic lines. Moreover, it is aimed to align with the institutional mission and vision statement aiming to develop students on progressive lives i.e. to imbibe in the students a retinal positive outlook towards life thereby making them responsible Teachers and citizens.

The practice :-

1. Each Teacher is assigned around 11-12 Students for the complete duration of their study.
2. They meet at least once a month to discuss, clarify and share various problems which may be personal or academic, etc.
3. The mentors encourage the students to participate in co-curricular and extracurricular activities and sports.
4. Their academic performance and other activities are all recorded.
5. The mentors also keep in touch with the parents on their attendance, test performance, examinations etc. on monthly basis

6. The mentors also counsel the students in need of emotional problems.
7. When the students have any problem in any department either with the staff or with work completion the mentors speak with the respective staff and sorts out the problem.
8. Mentors take special care of weak students, who are given advice on how to study, prepare a time table for study and clarify the doubts and also given notes to study.
9. Principal of the College takes the progress of counselling of students by mentors.
10. Student problems are discussed with the departmental heads, other faculties and necessary action taken to solve it.

Evidence of Success :

1. Improvement in mentees discipline, interaction and communication skills.
2. Improvement in student's attendance.
3. Establishment of a vibrant relationship between faculties and students which has provided a congenial atmosphere in the class room as well as in the campus.
4. Improvement in result
5. Improvement in confidence, Teaching skill, content knowledge & various techniques

Problem Encountered And Resources Required :-

1. Mentoring is a two way process where if one side is showing less interest, it would collapse the healthy relationship
2. Sometimes students preferring a particular teacher as the mentor cannot be accommodated given the large student strength
3. The college understands and acknowledges the need or effective mentoring as it results in better outcomes for students. While there was an overall improvement in various facets of student life, problems were encountered too. Reaching out to each student individually due to the students number tracking outcome, lack of motivation among students were some of the problems encountered.

Best Practices

**Title of the best practice.
2. Read a Book and Get a Pen.**

Objective:-

1. To encourage Teacher trainees to utilize the learning resources optimally.
2. To encourage teach trainees to increase the concentration of reading text books, reference books & other books.
3. Minimize the mobile technology to certain level
4. Increase the learning ability more effectively
5. Utilize the availability of time as & when there is a gap of class.

Context:-

Referring to the current position of the most of the students their attention is greatly driven to wards mobile technology even though majority of the value added, academic related and moral related information available on mobile but students mind-set slightly attractive towards so many entertainment related information. After serious observations of the students, Librarian, Principal & IQAC coordinator of the college initiated a concept called read a book & get a plan, Librarian notified Teacher trainees to utilize library learning resources & he / she has to get any book from the library. They have read to entire book and weight in brief about what they have learnt. They need to submit the write up to the librarian within 20 days from the day of getting book from the Library. Successful submission of the write up by the teacher trainees, every student would get a pen as a mark of encouragement.

Evidence of Success:-

Every faculty members and librarian tried their level best to communicate every each trainees to their time in library. The efforts mode by the librarian has helped many teacher trainees to utilize library and developed the art of reading books. Though expected results yet to come but started motivation students to develop the art of reading and writing skills with this particular scheme.

Problem Encountered and Resources Required:-

Librarian and all facility members have taken entire financial commitment in purchasing pens. Librarian & faculty members have not any financial Burdon on institutions.
